1 Craven Road,  
Willesden,  
London  
NW10 8RR

We look forward to hearing from you.

# Welcome to Craven Park Nursing Home

Craven Park is a purpose built Care Home with Nursing that opened in 1995.

It is located within a residential area close to the centre of Harlesden in the London Borough of Brent with local amenities close by.

Our Home is also well served by public transport both from the City Centre and surrounding areas.

Our experienced staff provide quality care and respect the privacy and dignity of the residents, allowing them their individuality and own space.

We encourage residents to do as much for themselves as they are able; with staff on hand to assist and gently guide, as necessary. Residents are not rushed; as the staff try to keep to a stress free environment.

Staff talk to the residents at all times, explaining and making suggestions. They will encourage as much independence as possible.

## Our Facilities Include:

- We have 24 single and 1 companion room. Each of our rooms has ensuite facilities and is individually and tastefully decorated.
- All our rooms have a TV, telephone and fitted wardrobes.
- Residents are encouraged to bring their own pictures, ornaments and even small items of furniture.
- All of our rooms are connected to a nurse call system.
- We can offer assisted baths, which help maintain independence.
- We have a lift for our residents' convenience, plus extra wide corridors and doorways to allow wheelchair bound residents and visitors easy access around the home.
- The main lounge overlooks the garden, patio and fountain.
- We have maintained gardens laid out with walkways, lawns and patio areas.
- We provide qualified nursing staff on duty 24 hours a day.
